ABOUT ME

I am Dane Clarke, and I have lived locally for over 20 years. With ULEZ being a deciding factor for the closure of my small business of over 30 years, I am now semi-retired. This has given me the time and energy to focus on serving our community and fighting for a better future for all of us. As your candidate, I am committed to standing for local values, and pushing for meaningful reform.

CHALLENGE COUNCIL TAX RISES

I will work to prevent unnecessary council tax increases, ensuring that families and residents aren't unfairly burdened. We need transparency in spending to protect our community from rising costs while maintaining essential services.

IMPROVE OUR ROADS

I will push for repairs to local roads and improve safety, especially around the pedestrian crossing by the White Bear near the Aquadrome. Addressing traffic flow and pedestrian safety will be a key priority to ensure safer journeys for all.

SUPPORT LOCAL BUSINESSES

Local businesses are vital to our community. I will help reduce unnecessary regulations, encourage investment, and support efforts to make Rickmansworth West business-friendly. I also plan to Investigate parking regulations on Moneyhill Parade.

STOP OVERDEVELOPMENT

I will stand against overdevelopment that threatens our green spaces and overcrowds the local area. Protecting the character of our community and ensuring sustainable development will be at the heart of my approach

BRING BACK RICKMANSWORTH FESTIVAL

The Rickmansworth Festival is a highlight of our local calendar year. I will work to bring it back, boosting community pride and supporting local businesses while providing a much-needed celebration for our area.
